News From Your TOWN HALL

Growing pains of a pioneer city are indicated by some of the actions of the Town Fathers on Wednesday night.

The city hall is too small and this ain't none, the Fathers are just day-dreaming about it, both because of space and in order to properly comply with the state and federal prison regulations.

There is a critical need for a city garage, storage place and filling station for the city's equipment. More efficient results are expected and a saving in costs. Something is being done.

It is found advisable to rezone the business part of town due to growth and changing conditions of expansion. A hearing is being called next Wednesday for consideration of this.

A revision of the present tax ordinance should be undertaken to remedy certain defects and provide for regulations for the operation of taxes. Inspection of equipment and other representatives of agencies are to be charged as among the items to be discussed.

The employment of a building inspector to handle plumbing, electrical and construction. Mr. Warren has four jobs and this will relieve him to apply more time to them.

Consideration of an ordinance to prevent construction of residences on 25 foot lots.

The granting of permission to erect prefabricated homes.

RDB Water Control Group To Have U. S. Engineers At Meet

Chairman Allison of the RDB Water Control Committee has called the next meeting to be held in the City Hall on Thursday night, December 20, at 8:30 when it is expected that Mr. Broadford and other representatives of Colonel Jones will join in the discussions.

Consideration by the group of the recently introduced bill to provide money to drainage districts with 30 years free interest, will be a part of the discussions.

Also, committees will be named to follow thru on the bill, and adopted plan to secure some action toward forming benefit districts, one along the Hillsboro and one along the West Palm Beach Canal.

OPA Stuffs Needed Construction While President Asks Aid

While President Truman is asking the national Congress to reestablish priorities and price ceilings on buildings materials and price ceilings on real estate.

Regional office of OPA thru indifference or negligence is arrogantly interfering with the supply of cement critically needed for building in this area.

Without any investigation on the ground with block manufacturers as to costs, or with any contractors, as far as we can determine, a "brass hat" known as a price analyst has arbitrarily said that prices on cement blocks must be raised.

Blue Devils Retain Trophy Cup In The Defeat Of The Rams

The hilarious joy of satisfaction and victory, and the dull, disappointing blackness of defeat staged the end of the Golden Rams-Blue Devils game, for the Palokah and Belle Glade clubs at the close of the Christmas night at the new Memorial Gymnasium for Palokah had won by a score of 12 to 6, and retained the Young Memorial cup, of which the joint Lions Clubs are sponsors.

Costly fumbles at critical stages without a doubt, cost the Golden Rams to lose out on a tie or a victory score, both of Palokah's touchdowns were made as a result of such misplays. Sorry, to write it, but the fact remains that the (Continued on Page 11)

Jim Howington's Grave Cared For In Holland

The grave of our former editor, James D. Howington, who now sleeps in Holland, is cared for and decorated with flowers regularly, according to a letter just received by Mrs. Howington. He was killed in action November 18, 1914. The letter was written by the owner of the Hotel Restaurant "L'Imagerie" at Maastricht, Holland, and stated that as that was the first liberated city, the Army placed the cemetery in their province Limburg at Margraten about six miles from the city. An apology was made for the poor English as they speak only French, and until after the war, had never written English. Excerpts from the letter read: "Now our population has become the big honour we can all adopt a grave of one of the victims of this bad war. We can write you now we have adopted the grave of your husband, who has given his life for our freedom and liberated Maastricht." Continued on page 8

Recreational Council

At a recent meeting of the Recreational Council, tentative plans were made for a Christmas tree and tree of lights in the City Park on Christmas Eve. All churches and civic organizations will take part in making this a successful community affair. 7:30 was the time selected so everyone could return to their homes at an early hour. An outlined program will be published at a future date.

Potato Harvest Gets Off To Good Start This Week

There was some joy for Florida farm growers on Thursday morning with the news that the OPA had revised its ceiling price for the coming season, which would place the top price at \$4.60 up to December 31st, and from that date to January 31st at \$4.50. Congressman Dwight Rogers in Washington wired local growers that good news on Wednesday but the release by OPA might not come until Friday of this week.

The past week saw another influx of trucks from all the principal produce markets of the north rolling into the Glades packing sheds, and in addition for green stuff, and a survey showed that, at least a hundred cars were supplied and sent rolling to their destination. Some trucks had to wait over to get the type of vegetables they desired.

With the weather man broadcasting dubious reports about the weather, Continued on page 4

Good Work Of Firemen Prevented Bad Conflagration

But for prompt and efficient service by the local fire department Sunday afternoon, portions of colored town could have been easily have been swept with a disastrous conflagration.

Fire was started in one of the Leonard Shuler store and tenement buildings on Fifth street, in the heart of the business section, the blaze originated in the upper story of the structure.

Fireman Bob Blair, at the throttle of the big pump, got the apparatus on the scene of the fire. Continued on page 4

New Home To Be Subject At Next Legion Meeting

The Building Committee appointed by Commander Jones will have an estimate of the cost of the proposed new home for the Legion and discussing the same will be held on the advisability and the practicability of going ahead with the building.

Bob Blair, at the throttle of the big pump, got the apparatus on the scene of the fire. Continued on page 4

Our Beautiful Athletic Field Cost Much Money

Built From Wild Muck Land Into Beautiful Playing Field

With the big inter-school football game over, and most fans given an opportunity to inspect the field, lighting and seating facilities, the question arises: what was the cost? In building the excellent park, the South Shore Athletic Council did not spare the expense, for they knew that eventually funds would be available for the liquidation of the outlay price. We must all admit that the new field is about the finest section of the type to be found in all South Florida, with still other improvements to be installed by next year.

Generous contributors not only supplied plenty of cash, but also donated generous amounts in labor, use of equipment and material which went toward the building of the field. The new grounds will be a monument to civic generosity and will provide a home for all types of school athletics, and possibly the use of the ball diamond for Lake region league games.

Well, to answer the question of cost, W. P. Risk, secretary-treasurer of the council, gives a financial report of all expenses not including the big game proceeds, which were split 50-50 between the two schools, on a net profit basis, of considerable amount, as follows:

Receipts: Donations by 215 firms and individuals, \$4985; guarantees for games away, \$350; borrowed from the Bank of Palokah, \$2000; Okeechobee forfeit game, \$100; balance carried over from last season, \$130.67; receipts from game tickets, \$2100; receipts from game tickets, \$2100; receipts from game tickets, \$2100. Continued on page 4

School Addition Progresses

Contractor Don Miller and sons, have got the main work in the new two story addition to the high school building up to the roof levels, and this week will be working on the interior work, supplies for which have at last arrived. The new building, which will be moved or razed, and a fine new commercial building erected thereon in the very near future.

Block Being Vacated

D. F. Crosby, who has long had a business place in the Chevrolet block, over the week end vacated the store room, moving his office to the new house. Other tenants in the Chevrolet or Reidle block are preparing to vacate, as reports indicate that the present structure will be moved or razed, and a fine new commercial building erected thereon in the very near future.

Prison Camp Is Vacated By Army And Internees

The German Prisoner of War Camp, situated on the Experimental station grounds, ceased to be a military installation on December 10th. The camp was established ten months ago, and here some 250 prisoners of war were housed, and assigned to various plant, farming and lake work.

The camp has been under the command of Lt. Smith, who has had a corps of some 25 guards, and has been in the hands of the Army since December 10th. The camp was established ten months ago, and here some 250 prisoners of war were housed, and assigned to various plant, farming and lake work.

On Saturday night, Army trucks arrived at the camp and loaded the prisoners, and with their personal belongings, and the Army boys departed to various military destinations. The prisoners likely heading for their homeland, and the Army boys hoping that it might also mean home for them. Tents and equipment were (Continued on page 4)

Widened Osceola Highway

Finding that the Osceola camp highway from the Palokah road to the packing house center, was too narrow, the State and County Highway forces are extending the berm on both sides of the road, replacing several feet of new rock construction. With the bulk of traffic traveling that way, passage had become a real matter of safe driving, which this new widening will somewhat alleviate.

The Florida East Coast has also built up and regraded its approach over its tracks at the ice plant, and are also placing an additional switch track over that crossing.

Shipping Cucumbers

O. W. Manning, who farms in the Immokalee section, is now harvesting fifteen acres of cucumbers, which he is disposing of to truckers from the Chicago markets, at \$3 the bushel, ungraded. Truckers furnish their own hampers. As soon as this crop is harvested, he will plant the acreage to food sweet potatoes, from which he annually gets a nice income.

Freeman Chosen As Worshipful Master Of Masonic Lodge

The annual election of officers for 1946 was held in Belle Glade No. 277, P. 2, A. M., on Tuesday night, and Ralph Freeman was chosen for the Worshipful Master station, being elevated from the station of Senior Warden.

Other chair officers were: Senior Warden, Joe Freedlund; Junior Warden, Sheriff John P. Risk; Secretary, W. P. Risk; Treasurer, Al Kirschman; W. P. Risk has served in this capacity since the lodge was given in an UD charter five years ago.

To Re-zone Business Section

Property owners and citizens interested in the re-zoning of the district comprising the area from the intersection of Main street south to First street, are requested to be at the City Commission meeting, December 19th, to present suggestions and objections to or for proposed changes.

NEWS OF OUR SERVICE MEN

WILBURN BEARD
N. Wilburn Beard received his discharge at the Naval Separation Center in Jacksonville on December 7 following nine months service aboard an LST in the South Pacific. He is now at Seattle, Wash.

Sugar Developer Of The Glades Dies Suddenly

Fred Bryant of Azmeor Plantation An Honored Man

Death struck twice within a week in the high official ranks of the Eastern Division of the United States Sugar Company, claiming both John E. Harrington and F. E. Bryant, the former superintendent of the Mechanical department and the latter the general superintendent. The death of the latter came from a heart attack.

Fred Bryant was one of the best known pioneer citizens and developers of the sugar business in the Glades. Coming from England in early manhood, he migrated to Arizona and Colorado, where he was extensively engaged in stock raising prior to 1900.

Fisheries Association To Hold Mass Meeting In Belle Glade Sunday

Promoters of the newly organized Lake Okeechobee Fisheries Association have taken steps to form its constitution and by-laws. It will call for fish corporations pay an annual membership fee of \$100; fishing tags and honorary members, \$10 a year. The board of directors will be composed of five members each from the Moore Haven, Lakeport area, and from Clewiston, Belle Glade, Pahokee and Okeechobee.

The Association will hold a public mass meeting at the Belle Glade high school auditorium on next Sunday where matters looking to the building up and promotion of the body will be presented. The meeting hour is 2:30 o'clock. A large delegation of visitors from around the area is expected to be in attendance.

A Christmas Party

The Woman's Home Demonstration Club will enjoy their annual Christmas party at the Woman's Club on Wednesday, December 19, at 2:30 P. M. A party in keeping with the Yule tide season will be carried out and an exchange of gifts will take place, each guest attending bringing one gift and each receiving one gift in the exchange. The Christmas party will be held at the Woman's Club and the cash outlay kept to the minimum as in keeping with the home demonstration program of light refreshments will be served by the hostesses for the afternoon.

Woman's Club Will Meet Next Wednesday

A musical program will be presented next Wednesday night at the regular meeting of the Woman's Club by Mrs. J. A. Murphy. Hostesses will be Mrs. J. A. Murphy, Mrs. Shelly Connell, Mrs. H. V. Drury, Mrs. George Royal, and Mrs. Ray Whitlock.

Stealers of Autos Under Arrest

Two young men of this city, a week ago, stole an automobile off the streets here, and headed northward. At Brunswick, Ga., they abandoned the car and stole another one, and then headed for Tallahassee, where they were picked up by the police and they are now in the Palm Beach county jail.

Get Pathologist Aid

A new assistant plant pathologist has been added to the staff of the Everglades Experimental Station, who will work as an assistant to Dr. Thomas Bregger. The new employee is Russell D. Bates, a graduate of the Rhode Island State Agricultural College. Mr. Bates takes his initial boat to Florida, and so far, is very much pleased with both his employment and the climate.

Chinese Cabbage Harvest

Graber and Son, who operate a specialty vegetable farm here in Belle Glade, are not only shipping railroads in large quantities, many going by truck to market, but are also gathering Chinese cabbage, which is in such demand for salad bases. This crop is unusually fine in quality and size this year. The rains of the week have been of great value to the company's produce growing business.

Earl McDaniels Dies As Results Of Major Operation

Earl McDaniels, who had a county wide acquaintance, and especially well known in the Glades, passed this life last Friday, as a result of a major operation at St. Mary's Hospital. His passing caused deep and sincere regret in the counties comprising the Everglades Drainage District, both in official and personal circles.

For the past near six years McDaniels had served as a member of the Everglades Drainage District Board of Commissioners, and only recently became its chairman. It was through his instrumentality that many of the improvements in the Glades have been accomplished, as he was proving a staunch backer of the new proposed plan for the canal improvement projects. He was also responsible for the refunding of the huge eighteen million dollar debt of the district, which was settled on a basis of around four and a half million dollars.

He was a native of Scotland County, Mo., where he was engaged in farming and the cattle business, and also held the office of county clerk of courts for a twelve year period. Later he became interested in Florida, and he came to Miami, where he gave his efforts and talents in many public projects.

Big New Year's Dance At Country Club House

No dance will be held at the Country Club until the "big one" for the New Year, according to an announcement by the House Committee. A big name out of town orchestra, with favors of the season, is planned and a capacity crowd is expected.

The newly planted groves in the Everglades are showing Prohibition and there is considerable play daily with a large crowd on week-ends.

Prison Committee Will Recommend Expansion Of Local Farm For Foods

Cattle Finishing And Rice To Be New Items In Food Program

Commissioner of Agriculture Nathan Mayo and his committee on the Belle Glade Prison Farm met at the farm last Saturday and delved deeply into the possibilities of the Glades institution becoming the bread basket for inmates of State institutions.

The results are indicated in the statement of Mr. Mayo at the conclusion of the meeting that "we are in agreement as to the expansion of the farm so that it may furnish, more adequately, foodstuffs for our state institutions."

While the exact recommendations of the committee to the Governor and his cabinet, will finally pass on them, are not known, indications are that a population of from 300 to 500 will be provided for and the increased production of canned beans, dried beans, su-

grar, syrup, and rice will be provided. Additional and new buildings, new equipment and facilities are to be asked for. Cattle fattening will be a part of the program and the small beginning is expected to be extended as facilities and experience dictate it wise to do so.

Indiana Canoe Group Here On Inspection Tour

The writer dropped into the Bell Cafe Monday morning for his customary cup of Java, and spied seated at three tables a group of thirteen men, whom from the cut of their jabs, he immediately recognized as Tampankee canoeists, as they passed this life last Friday, as a result of a major operation at St. Mary's Hospital.

I was pointed to G. A. Charles, Lafayette, Indiana, who was conducting the canoe delegation on the trip, and he gave this information.

We are a group of Indiana canoeists, and we are here on inspection tour of the Glades. We are close to 20,000 charges of the state, including the school at Gainesville, Tallahassee, and it will take 1,000 tons of sugar to care for them, many thousands of bryans, tons and tons of rice and dried beans, and hundreds of carcasses of beef. The fresh vegetables which are staples can be furnished in midwinter on lands owned by the I. I. Board in the vicinity.

The Shelby County prison outside of Memphis is held up as an outstanding accomplishment of that county. It shows a profit of \$116,000 after caring for the prisoner population of 500 to 700, on 5100 acres of land. It is our estimate that Continued on page 7

Florida Declared Outstanding State For Development

Silver Springs—If there were any doubts in the minds of Florida newspaper folks as to this state's favored position on an economic and industrial development standpoint, they must surely have been dispelled by the amazing presentation of facts and figures so ably made by the keynote speakers at the 96th Annual Convention of the Florida Press Association, held here last week.

Speaking at the Friday morning session, Harold Cole, Executive Vice-President of the Association, said Continued on page 8

Cattlemen Given Trip Over Glades Cattle Range

The annual session of the Florida Cattlemen's Association at which 18 local associations were represented, held a two-day session at Clewiston, Tuesday and Wednesday of this week, with several hundred present in attendance.

Observation And Comment

By John M. Gladhill

Day by day we note the return of the service boys, and each of them are bearing a honorable discharge button in the lapel of their coats, to let all who care to know that they did their part in the recent global conflict. After the War of 1812, the American Legion was the GAR and the Confederate Veterans had a significant meaning and a political power, which at that time was just about going to be able to run things in the future, and they have numerical strength sufficient to change any political complexion if the time and occasion demands it.

At the 1946 hour Tuesday, the hosts offered a fine barbecue meal, cooked up only by Continued on page 6

Big New Year's Dance At Country Club House

No dance will be held at the Country Club until the "big one" for the New Year, according to an announcement by the House Committee. A big name out of town orchestra, with favors of the season, is planned and a capacity crowd is expected.

To Add Second Story

Leo Rader, who is building a new house over on Xvictoria Ave., has decided to put a second story to the structure, which will be used for twelve office apartments. The contractor will start the work of the additional story the coming week.

SOUTH BAY BEACH CITY LAKE HARBOR

Miss Maxine Walker of Miami, spent the week end in South Bay with her mother, Mrs. Edna Wafer.

S. M. McAllister has recently bought out his partner, J. E. Henderson, and will continue to operate the Three Way Filling Station, which is also the local Glades Motor Bus station.

Mr. and Mrs. Fred Lee of Georgia, Ala., visited relatives at South Bay and Lake Harbor last week. Pvt. Lee has recently received his discharge from the army.

O. L. Wright of Jonesville, Mich., is visiting his niece, Mrs. E. M. Parsons. He plans to remain in South Florida for some time.

Mrs. Laura Willis took charge of the third and fourth grades Monday in the absence of the regular teacher, Mrs. Olga Hardy, who was ill.

J. V. Allen, CSF, after spending a 51 day leave with his parents, Mr. and Mrs. W. C. Allen, has reported to Norfolk, Va., and is there awaiting orders.

Mrs. Mary Carroll and Miss Martha Owen, house guests of Mrs. Alfred Vadas, spent part of last week in Miami visiting Mr. and Mrs. R. E. Bailey, and Mrs. Vadas joined them on Friday.

Charles Ely has returned from a business trip to Tampa where he visited his mother, Mrs. Ivan Cowen.

Jeff Thomas, son of Mrs. V. A. Henderson, and Betty Ann Stafford, had their tonsils removed by Dr. Sayad in West Palm Beach last week. Mrs. Henderson and Mrs. Walter Buford attended them.

Mrs. A. F. Curl of Belle Glade visited her daughter, Mrs. Torrell Lee and family the first of the week.

Mr. and Mrs. Jo Cato of Clewiston were the Saturday night guests of Mr. and Mrs. Alfred Vadas.

Mr. and Mrs. John R. Crow, son Mike, of Miami, Staff Sergeant Ernest Yates and Ernest Jr., Mr. and Mrs. Roy Yates and son Norman, of Fort Lauderdale, were Sunday dinner guests of Mr. and Mrs. P. E. Goodbread.

Mr. and Mrs. J. W. Warren entertained at dinner Sunday in honor of their son, Sgt. James Carroll Warren, who has just returned from 22 months overseas with the U. S. Marines. He took part in the invasion of several islands stepping stones toward Japan and wears four battle stars. His last two months were spent in Japan. He returned to the States on November 11 and was discharged from service at Camp Lejeune, N. C. His brother Kenneth is now with the fleet in Japanese waters.

Dinner guests of the Warrens included Mr. and Mrs. Lennie J. Warren, Leona, Velma and Laura Beth Warren, Mr. and Mrs. Milton Oiler and son, Mrs. Della Altman, Miss Carolyn Mutchler, Herbert Priest, Ruth and Willis Warren.

Mr. and Mrs. Herbert L. Marlowe, Jr., have purchased the Leslie Elson dwelling and lot adjoining and plan to remodel it for a home.

Tom Taylor, of Waycross, Ga., who was recently released from the army, is visiting his sister, Mrs. W. M. Wilder in Lake Harbor.

Miss Geraldine Longshore of LaGrange, Ga., is the house guest of Mr. and Mrs. W. C. Allen and has accepted a position as clerk in Willis & Sons store.

Mr. and Mrs. Raleigh Terry, and Mrs. Lillian Farmer and husband of Norfolk, Va., are visiting their sister-in-law, Mrs. Mack Terry, for a couple of weeks.

Mrs. Forrest Norton and son Forrest, Jr., spent the week end in Okeechobee and were accompanied on their return by her mother, Mrs. Mary Willis.

Marvin Lee, MM 2-c, is enroute home from Japan, called here by the critical illness of his mother, Mrs. W. M. Lee, of Lake Harbor.

Clifford Allen, BM 2-c, now

on sea duty in the Pacific, called his mother on her birthday Saturday from Oakland, Calif., while in port. He was expecting to sail immediately for the Far East.

South Bay faculty members attended the County Teachers' meeting at West Palm Beach Saturday.

E. M. Parsons, on a 30 day leave from Morrison Field, is spending the month in Belle Glade. Mrs. Parsons is the primary teacher in the South Bay schools.

Mr. and Mrs. Herman Stanley and son Danny, who returned a fortnight ago from Gainesville, have purchased lots on Canal street and are planning to build a home in the immediate future.

Everett Forbes, MM 2-c, a brother of Mrs. F. W. Mutchler, has received his discharge from the Navy and is now with his parents, Mr. and Mrs. E. E. Forbes, in Jacksonville.

Pvt. Scott Lee is on a 15 day leave and visiting his parents, Mr. and Mrs. Arthur Lee at Lake Harbor.

Blessed Event
Mr. and Mrs. Floyd Wilder

pt South Bay, announce the birth of a seven and one-half pound daughter, Sharon, at the St. Mary's Hospital in West Palm Beach on Thursday, December 6.

Mr. and Mrs. Joe Crouch of Lake Harbor announce the birth of twin daughters at the Pahoehoe Hospital, November 25th. One little one died November 26th, and was buried in West Palm Beach on the 27th, the Berry Funeral Home in charge. Mrs. Crouch has returned home, leaving the other twin at the hospital for the present.

Christmas Program

The annual Christmas program will be put on at the school auditorium at South Bay on Tuesday, December 18, at

7:30 P. M. Principal Harold S. Emery announces that the program will be in the nature of a Christmas pageant in two parts with carols and tableaux. All home rooms in the school will have their part in the program. All patrons and friends of the school are invited to attend the program.

Room parties will be conducted in the various rooms on Wednesday and an exchange of gifts will take place. School will close for the holidays on Wednesday afternoon, not to re-open until after New Year.

Mr. and Mrs. Bill Baldwin of Asheville, N. C., visited Mr. and Mrs. V. N. Greer last week. Mr. Baldwin has recently been released him from the army.

The "fuzzy wuzzies" of the New Guinea bush—once cannibals but now Christians—find a wounded American airman who bailed out in the jungle. They bind up his wounds and carry him across a mountainous jungle trail to safety and hospitalization in the American lines. This is a scene from "We, Too, Receive," a motion picture to be shown in the Methodist Church.

India Movie Show at Methodist Church

Two new feature motion pictures, one filmed in India, the other portraying scenes among the famed "fuzzy wuzzies" of New Guinea, will be shown in the Methodist Church of Belle Glade on Tuesday evening, December 18, by the Rev. and Mrs. W. H. Ruff, of Atlanta, Georgia.

This showing of up to the minute motion pictures, with

sound effects, is being sponsored by the Board of Missions and Church Extension, of the Methodist Church as part of a new and modern method of education in the religious and missionary field. Mr. and Mrs. Ruff are on a leave of absence from their Atlanta church, and are spending three months traveling by auto and trailer in Florida, showing these pictures.

"We, Too, Receive" is the title of the picture laid in New Guinea. "Whisper Across Asia" was filmed by the famed Denis-Roosevelt expedition. In addition to these features, there will be a short scenic film taken in America's national parks; and a kodachrome pictorialization entitled "Missions in Southeast Asia."

"We, Too, Receive" is of especial interest to all Americans today, and especially to those who have friends in the services in the South Pacific. It is the story related by many returning chaplains and service men; the story of the devotion of New Guinea (and other) natives—only recently changed from cannibals to Christian "believers and doers"—to the saving of a young American flier, downed over a New Guinea jungle in a dog fight with Japanese planes, found and nursed to health by "fuzzy wuzzies" and carried by them over a tortuous mountain jungle trail to the American lines and safety.

"Whisper Across Asia" was filmed by the Denis-Roosevelt expedition while seeking worshippers of the snake goddess. In their travel across Burma, they photographed an unusual system of irrigation, the giraffe-necked women, a strange boat race, and elephants at work in the teakwood forests. When they finally found the snake goddess, they were successful in securing her three times charming and kissing the head of the deadly king cobra—so that male children might be born in the village. This is one of the most tense scenes taken in recent times from actual native life.

that local interests are taking these over from the Government, and will be used for a new labor camp.

In speaking of their services here, the Army guardsmen were inclined to be rather ironical and caustic, and most of them expressed complete satisfaction if they never saw the muck lands of Florida again, but a few who had heart attachments here, thought they might be returning later on.

While impounded here in camp, the prisoners were given care by the Army, perhaps as good as they deserved, which included housing, food, medical and dental care, and not too hard work at a stipulated pay and were given opportunity of building up their physical condition and to some extent change their minds as to the superiority of the German race, if that were possible. Some of the prisoners expressed themselves as having grown to like the Glades, and that if all went well, they later might come back here and become citizens and farm developers.

CATTLEMEN GIVEN

(Continued from page one) ty Agent H. L. Johnson, of the Glades, and his assistants, could prepare it.

On Tuesday afternoon, the cattlemen were given a tour over the Sugarland cattle range and given information as to how it had been developed out of low muck land, planted to various types of forage grass, and the methods used in the fattening of the four strains of blooded cattle of the Brahman, Hereford, Aberdeen-Angus and Shorthorn type. Sid Crockett, with a loud speaker, was the emcee and speaker.

Judge Alto Adams, of the Florida Supreme Court, was the main speaker before the convention, and it was here that the news was sprung that the Judge was being mentioned as a senatorial candidate, in which the names of Mark Wilcox and Spegard Holland were also mentioned, although it was a surprise to the jurist, who had no comment to make as to his possibility of entering the race for the U. S. senate.

The Association elected officers for the coming year as follows: President, F. W. Williams, Davenport (re-elected); vice president, Hooker Parker, Arcadia; R. L. Griffin, Fort Pierce; J. K. Stewart, Bartow; secretary treasurer, Senator N. Ray Carroll, Kissimmee.

A number of the members of the Everglades Cattlemen's Association attended the big pow-wow.

Post war sleeping cars will offer every passenger a private room, it was announced this week by the Edward G. Budd manufacturing company, which will start the manufacture of this new type car shortly.

Known as the "Budgetette," the new car makes the old time Pullman with its upper and lower berth obsolete.

Prominent Citizen Dies

John E. Harrington, a well known man in the Glades area, where he had resided for many years, died at his home in Fort Mayaca December 2, from flu and heart trouble, after a brief illness. For many years Harrington had been an employee of the United States Sugar Corporation, as superintendent of its mechanical department at the Eastern Division headquarters at Asucar.

He was a Past Worshipful Master of Everglades Lodge F. and A. M., of Pahokee, active

in Boy Scout circles, a member and official of the Canal Point Methodist Church, and the Pahokee Rotary Club.

Mr. Harrington is survived by his wife, two sons, both in the services, and a daughter.

Funeral services were held at the Canal Point Methodist Church, Dec. 6th, in charge of the pastor, and the combined membership of the Pahokee and Belle Glade Masonic lodges attended and conducted the interment ceremonies for a brother.

The active pall bearers were: J. V. Thomas, J. W. Barrett,

J. G. Weeks, M. D. Geiger, J. P. Cox and A. Q. Howell, and the honorary bearers F. E. Bryant, W. P. Jernigan, Alf R. Neilon, Frank Shaugnessy, G. L. Sney, Roy Best, Joe Cherry, L. L. Stuckey, Otto Blech, Earl Maxon, Angus Miller, Joe Boyer, C. G. O'Brien, Frank Wilson, O. B. McCune, Frank Anderson, W. C. Young, Paul Radner, Thomas Garfield and Albert Tread.

FIGHT AND WHITE

He is the holder of the European Ribbon, for the African campaign, American Defense Ribbon, Asiatic-Pacific, with a bronze star, Okinawa Ribbon with one star, and the Victory Medal.

CHARLES LANE, S-1e

Charles Lane, seaman first class, U. S. Navy, was just arrived from Japan, writes from Wakayama, Japan: "Had better start off by asking forgiveness for not writing before, and thanking you for the Herald, our hometown paper. I received three papers today which were three months old, but enjoyed reading them just the same."

"I have been in the South Pacific for the past nine months. We had a pleasant trip all the way until we reached Okinawa, and then the trouble started. We have been to nearly every place in the Pacific so far and hope it isn't long before I can be home in my way home. There is one thing sure, when I do return, you can mark me down as a content citizen, because the matter of leaving home will never enter my mind."

"I have not seen my brother, Quilian, out here yet, so he must be on his way home. We are anchored at Wakayama, Japan, at the present time and expect to be here for some time. We get liberty about once a week and go to the city. "I do appreciate the paper and hope to continue to receive it."

DEAN BOYS RETURN

There is one set of parents in Belle Glade who are extremely happy, and they are Mr. and Mrs. Thomas L. Dean, for they have all three of their service sons home again.

Staff Sergeant Carl Dean arrived home Monday following four years of service, most of this time being spent in the South Pacific. He landed at San Pedro, Calif., on November 29 and upon returning to Florida reported at Camp Blanding where he received his discharge. He is returning re-enlistment in the army.

Master Sergeant Cecil L. Dean of the Army Air Force has also returned from the South Pacific. He has a record of 35 missions over Tokyo and was in the skies at the time of the atomic bomb attack. After the Japanese surrender he visited the two bombed cities and other famous places before returning to the States in October. He received his release from the army at Greenville, N. C.

Private First Class James Dean was seriously wounded in the invasion of Okinawa and since returning has spent most of his time in army hospitals. Following a 60 day furlough here he will return to the hospital at Tusculosa, Ala.

Mr. and Mrs. Dean lost one of their boys in the service of his country. Private First Class Charles E. Dean, who was killed in action in Italy on October 7th, 1944.

LESTER CLARKE, CMM

Lester Clarke returned home Saturday from the South Pacific and received his discharge from the Seabees at the Jackson Memorial Separation Center. Clarke enlisted over two years ago and served in the Pacific.

then up to the central portion of the state to Orlando, and then homeward by Lake City.

Our main object has been to visit both vegetable and citrus sections, to look over the various types of agricultural products, and to get a better understanding of your amazing state. Your Glades area, with its great vegetable, citrus and fruit crops, has got us Yankees dumfounded with the vastness and expanse of your operations, and it has not been unfavorable to us, and it may later see some of us joining you in your activities down here in the future.

WALLACE LUTZ

Wallace Lutz has written his parents, Mr. and Mrs. E. C. Lutz, that he is now stationed at Nagasaki, Japan, with a Seabee outfit.

SGT. CARROLL WARREN

Sergeant Warren of the Marine Corps has just arrived at the home of his parents in South Bay following several years of service in the Pacific Islands. He took part in four invasions and wears four bronze battle stars.

Positions Found For Local Veterans

The Belle Glade office of the U. S. Employment Service, through its Veterans Placement Division, is steadily making progress in the placement of returning veterans in local employment opportunities.

They announce that the office is feeling the results of the Belle Glade Herald's first listing of employment opportunities open to veterans, and have placed several veterans in good positions and expect others to gain employment thru these weekly job listings.

In the number of veterans placed in employment, many were assigned to employers to pursue job training. This on-the-job training is proving popular with veterans as they see it as an opportunity not only for refreshing themselves in the work they were doing in the service, but an opportunity to learn a new trade or skill and at the same time receive from the government assistance in the amount of \$50 if the veteran has no dependents, and \$75 per month where there are dependents. Legislation is now pending in Congress to increase these amounts to \$65 and \$90 per month respectively.

Employers in the area are very receptive to the efforts of the local office in setting up these on-the-job training courses and are cooperating in a very commendable manner. Employers are again urged to notify the local USES office when in need of workers and all efforts will be made to fill their labor needs.

All veterans in the area who are interested in the above job openings are asked to contact the local office of the U. S. Employment Service located in the Sanders Building, and further information will be given.

INDIANA CANNER

(Continued from Page 1) and operators and as this is our off season, we decided to tour Florida, and see how the agricultural and producing wheels were operated down here, and so far our trip has been entertaining, informational and productive of good to us, to say nothing about the delightful scenic and weather conditions we have experienced.

Our homes are at Lafayette and Trafalgar, Indiana, where we are all engaged in business. Our trip has taken us down the east coast from Jacksonville to West Palm Beach, here to the Glades section, which is a real revelation to us, and we will go as far south as Key West, then back over to the west coast.

Secretary of State Bob Gray was also a visitor as a member of the committee, Colin English, absent on account of duty, sent along a letter to the committee, making his own recommendation. Ed Larson, treasurer, had planned to be here for the meeting, but was called away at the last minute. Mr. Chapman of Raiford, in charge of projects, was also present and was active in the recommendation of the expansion of the local farm.

Sugar Mill Visits

Announcement is made by officers of the United States Sugar Corporation, that the sugar house is again open to local and outside visitors, on the same schedule and service which prevailed prior to the war. This privilege has been denied the public for the past three years.

Grade 5: With Honors: Nancy Ball, Fats Ingram, Esther Friedheim, Joan Rabin.

Honor Roll: H. V. Drea. Honorable Mention: Beatrice Johns, Bobby Kent, Bobby Wright.

Grade 6: With Honors: Mary Sue Sumner, Jerry Barry, Katherine Friedheim.

Honor Roll: Joan Tedder, Carl Hummel.

Grade 12: Honor Roll: Edith Breger, Norma Jean Starling, Dolores Frier, Peggy Rawls,

then up to the central portion of the state to Orlando, and then homeward by Lake City.

Our main object has been to visit both vegetable and citrus sections, to look over the various types of agricultural products, and to get a better understanding of your amazing state. Your Glades area, with its great vegetable, citrus and fruit crops, has got us Yankees dumfounded with the vastness and expanse of your operations, and it has not been unfavorable to us, and it may later see some of us joining you in your activities down here in the future.

WALLACE LUTZ

Wallace Lutz has written his parents, Mr. and Mrs. E. C. Lutz, that he is now stationed at Nagasaki, Japan, with a Seabee outfit.

SGT. CARROLL WARREN

Sergeant Warren of the Marine Corps has just arrived at the home of his parents in South Bay following several years of service in the Pacific Islands. He took part in four invasions and wears four bronze battle stars.

Positions Found For Local Veterans

The Belle Glade office of the U. S. Employment Service, through its Veterans Placement Division, is steadily making progress in the placement of returning veterans in local employment opportunities.

They announce that the office is feeling the results of the Belle Glade Herald's first listing of employment opportunities open to veterans, and have placed several veterans in good positions and expect others to gain employment thru these weekly job listings.

In the number of veterans placed in employment, many were assigned to employers to pursue job training. This on-the-job training is proving popular with veterans as they see it as an opportunity not only for refreshing themselves in the work they were doing in the service, but an opportunity to learn a new trade or skill and at the same time receive from the government assistance in the amount of \$50 if the veteran has no dependents, and \$75 per month where there are dependents. Legislation is now pending in Congress to increase these amounts to \$65 and \$90 per month respectively.

Employers in the area are very receptive to the efforts of the local office in setting up these on-the-job training courses and are cooperating in a very commendable manner. Employers are again urged to notify the local USES office when in need of workers and all efforts will be made to fill their labor needs.

All veterans in the area who are interested in the above job openings are asked to contact the local office of the U. S. Employment Service located in the Sanders Building, and further information will be given.

INDIANA CANNER

(Continued from Page 1) and operators and as this is our off season, we decided to tour Florida, and see how the agricultural and producing wheels were operated down here, and so far our trip has been entertaining, informational and productive of good to us, to say nothing about the delightful scenic and weather conditions we have experienced.

Our homes are at Lafayette and Trafalgar, Indiana, where we are all engaged in business. Our trip has taken us down the east coast from Jacksonville to West Palm Beach, here to the Glades section, which is a real revelation to us, and we will go as far south as Key West, then back over to the west coast.

George Wedgworth, Carol Best, Charlotte Enlow, Yvonne Lanier, Barnes Smith, Martha Ratley, Sue Cherry.

Honorable Mention: Joyce Berchard, Ouida Hughes, Mary E. Hooker, Herbert Priest, Peggy Thompson.

FLORIDA DECLARED

(Continued from Page 1)
Florida State Chamber of Commerce, in a brilliant address, gave an accurate account of the progress made in the development of Florida's agricultural, tourist and industrial resources and pointed to plans for the immediate future that promise tremendous expansion and growth.

That evening at the annual banquet, R. B. Roberts, General Salesmanager of the Florida Power and Light Company of Miami, in a masterful presentation hammered home with

Keep them in Your MEDICINE CABINET

Alka-Seltzer
The Alka-Seltzer for Headache, Migraine, Stomach Aches, Indigestion, Heartburn, Nausea, and all other ailments. 24 tablets in the original box.

VITAMIN TABLETS
High Vitamin potency at low cost. 24 tablets in the original box—24 tablets in the original box—24 tablets in the original box.

DR. MILLER'S NERVE
For Stomachaches, Irritability, Headaches, and all other ailments. 24 tablets in the original box.

facts and figures the tremendous advantage Florida possesses for substantial industrial development.

"Florida is at the crossroads in her industrial development," he said, "and this development can be realized, if we recognize and understand the situation and make the most of it."

He pointed out that the same climate which attracts tourists to the state also will attract industrialists and declared that "no other section of the country is as well situated to provide human efficiency. Higher wages can be paid in Florida, because workers can produce more, he added."

Capt. C. M. Wassell, national war hero, who was cited by the President for his care of the men wounded on the USS Maryland in the early days of the war, spoke under the auspices of the National War Fund and urged the press to back the campaign and see the job through.

Officers elected at the close of a two day session were Edwin A. Meininger, Stuart News, president; Lloyd Harris, Callahan News, 1st vice-president; M. B. Fuller, Flagler County Tribune, Russell, 2nd vice-president and Russell Kay, Florida Newspaper News, secretary and treasurer.

JIM HOWINGTON'S

from the bad Germans. We will take care of this grave as if it was one of the members of our family, and from time to time place fresh flowers on it. You will make us very happy if you will send us a picture of your husband, so we can give him a place in our home.

"If you have any wishes from Holland, please write it to us and we hope you will be satisfied in receiving this news. We are owners of a hotel in the city, and if you ever have occasion to visit Holland, we make us very happy to be our guest."

"Much greetings from our family, and we will pray many times for your James."

Completing Line Construction Work

The Bouligny Contracting Company, of Atlanta, Ga., which has been doing electrical work in this section for the Florida Light and Power Company, in Belle Glade yard installation work, the closing of a power line from Davis to Belle Glade, along Route 20, has about five more weeks work to complete its contract. Crewmen are now busy resetting the miles of poles which were damaged by the hurricane storm, resetting them in rock, which makes for slow but substantial installation against storms.

Peacock To Re-enter Rollins College

Calvin Peacock, of Pahokee, who has been in the armed services for near four years, is now in camp in Georgia, and is expected to be honorably discharged in a very short time. He plans to spend the summer in Pahokee, and then re-enter Rollins College in the fall to complete his college education. Peacock, when in high school, was a crack back field man for the Blue Devils and later a star on the Rollins college team.

Fireman Accepted

Floyd Johnson, who worked under Guy Bender at the P. Pierce station of the Everglades Fire Control District, was accepted in Criminal Court at Ft. Pierce on a charge of murder, as a result of the death of Leroy Palmer, a state road convict. Palmer was struck by a district fire truck, which Johnson was driving to a fire. The state charged that Johnson was driving his fire truck at an excessive speed and careless manner.

Rabin Building Under Roof

Contractor Joe Friedlund has got the frame work up and a portion of the roof on the new Harold Rabin addition structure, over in parking house town. Considerable of the new equipment has also arrived and is stored awaiting installation.

Elect Corps of Ushers

At a special meeting of the church officers, the Community Methodist church last Sunday morning after church hour, steps were taken and election of a corps of ushers was made, same to serve the balance of the present conference year. Those chosen were: Chief Usher, Hugh J. Bratley; N. T. Taylor, James Ball, Milton Campbell, Hardy Taylor, Spottswood Burr, W. A. Teakle.

The first dinner session of the

newly formed Laymen's Club will be served at the church parlors on Monday night, Dec. 12, at 6:30 o'clock, and is open to all men desiring to come, which will be a pay affair.

Delay to Have New Field

Owing to the inability to secure contractor work and supplies for the remodeling of the former Douglas building on Avenue A, B. F. Fears, the owner, has decided to delay his extensive remodeling of the two store front for the present, and after minor renovations, will open up his new store in that location.

Veteran Re-enlists

Staff Sarg. L. D. Curl, of Belle Glade, drifted into Army recruiting headquarters in West Palm Beach Wednesday and re-enlisted for another three year enlistment in the Army. Curl had an excess of eight years service in the Army, and likes it, so signed up again. He was with the 46th Armored Division, in both the European and Pacific areas, and went through all the hard campaigns in the France and German invasion.

Local Players Get Football Notice

The Miami Herald, on Sunday, published its annual All-State High School football selections, and our own Joe Cherry was named on the third team as a back field man, while George Weideworth and Tom Dwyer, of Belle Glade and Blue Devils were included as honorary mention as lines men. Cherry's rating would likely have been on the second team, had he not missed out in several games owing to injuries.

Delays Store Repairs

Delay is one town in the east coast scholastic league, which did not have an excellent gridiron field for its school team to play upon, but steps have now been taken by public citizens to provide such a field, patterned somewhat after the Belle Glade field. The committee in charge is composed of Charles Senior, C. Y. Byrd, R. C. Ladd and King Conn. The new field will be ready for the opening of the 1946 football season, and our Golden Rams will likely be playing over it in the future.

TWO REGIONAL FAVORITES PAIRED TO PERFECTION

JAX SNAX
RECIPE: To prepare this delightful dish, pour hands with hot, a half-pound of butter, add one half pound of Jax Snax, two tablespoons of sugar, two tablespoons of milk, one tablespoon of salt, one tablespoon of butter, one tablespoon of oil, one tablespoon of sugar, one dash each of nutmeg and allspice, and mix to a thick paste.
Price: ground beef in large bowl, add other ingredients in order; mix thoroughly. Coat the meat with one side of Jax Snax, then spread with the mixture. Bake about five minutes. . . or to taste—mix, season, and well done. An easy-to-prepare recipe that's delicious when served with your golden JAX BEER.

JAX has mailed \$250 to Miss Paloma Beale, Fernandina, Florida, for this contest. Send us your best recipe. \$250 will be awarded. If published, \$250 will be paid for the use. Address: Recipe Editor, JAX Brewing Company, Jacksonville, Fla.

and a Frosty Bottle of Golden JAX
There's supreme enjoyment in every serving of this distinctive dish... JAX SNAX... So temptingly-delicious... Literally perfect when complemented by another regional favorite... frosty, tantalizing bottles of golden brew!
For added enjoyment at meal time... or just by itself, JAX BEER is a grand beverage. Brewed especially to satisfy the Southeastern tastes... JAX BEER reaches new heights in FINE FLAVOR, such full-bodied richness... Such zest, satisfying enjoyment! Always say JAX! It's a premium brew... though you don't pay a premium price for its mel-low goodness.

SUGAR DEVELOPER

(Continued from Page 1)
jects. Later he moved to Illinois, and then became interested in Florida. He settled at Lake Worth, and in connection with a brother, they laid out and developed much realty holdings in that now flourishing city, and later in the same deal at Palm Beach, where Mr. Bryant maintained his personal home.

Being of a research type, Bryant became interested in the muck lands of the Glades, and carried on his first cane experiments along the Palm Beach canal east of Canal Point, at what is now Arcuar, the seat of the eastern division of the present U. S. Sugar company. Bryant established and became connected officially with the Florida Sugar Co. and was instrumental in bringing in material and machinery for the first sugar mill in the Glades, by barges, from West Palm Beach and Okeechobee. After hectic days of up and down experiences, the Arcuar plantation and plant was taken over by the present owners, Bryant remaining as the general superintendent.

Bryant, a more than usual intelligent and educated man, while strict in his administration, was also most kind hearted, especially to the thousands of colored people who lived on the Arcuar and Mack City reservations. He was instrumental in building up model camps, with schools, churches, amusement halls, hospital and homes and surroundings that rank most high. The botanical garden was Mr. Bryant's pet hobby, and this was visited by thousands each year. He also established the "season end" festivals for both his white and colored employees, later expanded by the sugar corporation to all its lake region camps.

Mr. Bryant was most proud of the record and fact that no serious crime had ever taken place at the Arcuar and Mack City settlements. His colored help, some of them coming back year after year, held him in the highest esteem.

Mr. Bryant was a most successful administration man, and ranked high with the U. S. Sugar corporation officials, many of whom were in attendance at the funeral services. Funeral services were held at the Holy Trinity Episcopal church in West Palm Beach, Sunday, in charge of the rector, Rev. John Martin Braun, with burial at Hillcrest cemetery.

The active pall-bearers were M. W. Bigg, A. L. Simms, Robert E. Conn, H. T. Vaughan, Ralph B. Wagner and W. P. Jernigan.

The honorary bearers were: Clarence R. Bittling, Jay Moran, Orrin Randolph, R. R. Hesley, Louis A. Valler, W. C. Prewitt, R. Y. Patterson, Roscoe Stokes, N. V. Mumford, W. C. Owen, O. A. Jones, H. A. Bester, V. A. Bourne, W. H. Lanier, Luke Frasier, Alexander Drake, Earl J. Reed, S. J. Crockett.

Big Game Produces
A \$3,000 Gross Income

While the receipts from the Pahokee end of the big football carnival or carnage, choose which you please, have not all been received by the treasurer of the South Shore Athletic Council, indications are that the gross income will exceed the \$3,000 mark. Receipts from the Belle Glade end was \$1,225.25 from the ticket sale and \$420.80 from the souvenir program sales.

From the share the Council will receive, some will be applied on the bank debt, some retained for the off-season upkeep of the field, the taking down, painting and sheltering of the bleacher seats, and other obligations.

Light Bond Sales
Reported By
Glades Agencies

Announcement was made from the Treasury Department at Washington, that from a nationwide standpoint, the eleven billion Victory loan drive had gone over the top, but that the "E" bonds were about two million short of being sold. Arrangements are announced that sales of this type of bond will continue to the end of the year, and that such sales now made, will be applied to the national quota.

Here in the Glades there was no general chairman to spearhead the drive, so that buying was done on an individual purchasing basis.

Milton Campbell, of the Florida National Bank, states that through his agency, bonds to the amount of \$27,575 were sold, \$10,075 in "E" bonds and \$17,500 in all other types of bonds.

OBSERVATIONS

Continued from page 1
were fully protected in every way during the coming re-adjustment period. The Legion, despite 25 years of existence, still has a membership of 1,666,592 members, 15 million dollars in its national treasury and another 200 million in national and post properties.

The nearest companion rival to the Legion is the Veterans of Foreign Wars, which through recruiting a million members from the boys serving in foreign lands, now boasts of a million and a half members, one million in its treasury, and vast Post holdings. Both organizations are working for a common aim, to care for the soldier boys.

The old U. S. A. in recent years in various ways advanced so much that the other nations of the world gave it high rank as the leading nation of the world. The U. S. Census Bureau has just issued the information that as of October 1, 1945, our national population was 140,000,000, a gain of 8,300,735 in the past five years. As there has not been more immigration permitted, there must have been more or less of a home industry at work, producing these souls.

See where the Washington big wigs who handle agricultural affairs, are fearful that with the present population now on hand, that the markets

will be glutted with eggs, which now range from 68 to 80 cents the dozen. They propose to pay poultry owners to slaughter at least a million of the hens, but not on the same basis as the "little pigs" were slaughtered early in the New Deal regime. There is plenty of us Floridians, tired of fried chicken, or chicken in any form, that would like to get an opportunity of eating lower priced eggs, which have not been so overly plentiful with us during the war period. A good fresh egg is now a luxury to some of us, as are also ham and bacon.

Reading over some of the monthly magazine previews, we learn that the apple crop this year is the smallest in a quarter of a century; that citrus crops, with the exception of lemons, along with peaches and almonds, are banner crops, while the canned salmon harvest will be surpassing the pre-war record catch. That tangerines are taking the lead in all citrus fruit demands, having caught the appetites of the northern people.

We know Belle Glade and organizations never do things the half way, so we are looking forward to a big time and a happy occasion of the community Christmas festival which the City Recreation Commission, with assistance of civic clubs, will plan for the City Park sometime around the Christmas holiday.

Among one of the culprits who stood before Mayor George Taylor the other night, was a negro woman every bit 80 years of age, but she insisted to the magistrate that she was but 42 years old. The Mayor told her the next time she came before him she had better come ready to confess to her true age.

Phil O'Connell in his address before the Lions club, stated that he was personally mighty happy to be back home where people talked the English language. That he had gotten his stomach full of the jargon of languages that he met with in his last adjudicatory work in France and Germany. He stated that the only sizeable city in Germany which had not felt the force of allied bombing was the old university city of Heidelberg, which was saved by the Germans and Allies for sentimental reasons. He gave a very detailed picture of the total damage which had been done by the allied powers to all the large industrial cities of that once great empire. That German officials and barbers

were much amazed and could not understand the American way of conducting law trials. That Germany had asked for just what they got and deserved, but that Americans ought not to get soft hearted for them. He related that one bus bomb had landed near his British domicile, shoving him from his bed by its force, and it was days before he recovered from the effects of the shock.

If you think Belle Glade is not getting to be a sizeable city and a great trade center, then you are in error. One day last week, in afternoon, there was not a vacant parking space from the Herald office to the bridge, or from the bridge to Royal's store, as well as on some of the back side streets, especially along the south canal highway. One just has to watch their step and passage across the streets, for traffic is nearly as heavy as on a busy big city street intersection.

Bean patches did not look very healthy after that Sunday morning frost, nor did some of the growers, who had sustained crop losses, have much of a smile on their faces. However, beans going to ceiling prices help assuage some of the disappointment in crop losses.

Just got to hand it to many of those progressive negro citizens of colored town, for out of their own jeans, they have contributed funds for the purchase of a site for a contemplated colored clinic, which they hope to develop into a health center. There are a lot of these people who have not squandered away their money in riotous living, but have saved it, and are now investing in types, and now are awaiting the approval of manufacturer's claims for them. Cars have become a "must" in most of every family, especially in the Glades region.

unmentionable from a sanitary standpoint. Yet, some go on in their happy-go-lucky way, thinking not of the morrow, but spend their incomes in drinking, gambling and other forms of evil. Another project of merit planned is the erection of a sizeable, modern church building. Many of the negroes are strong on religion.

From a village to a Town, from a Town to a City classification is the record of Belle Glade in a thirty year period. As a city we are fast taking over City aims and improvements. When we get those new parking meters in we will appear like a city. This innovation may be favored by some and damned by others. These meters will be in operation on week days from 8 A. M. to 6 P. M., but will be inoperative on Sundays and holidays, and night hours. For every penny you will get a limit leeway of 17 minutes, and for a nickel, a 70 minute leeway. The machines will be paid for by the city.

The auto tire lookout is becoming more prominent as producing concerns are turning them out by the millions, both of natural rubber and synthetic composition. Expectation is that rationing of tires will be ended by early 1946. Thousands of people are getting old tires treaded in the hopes that they can get along until the new tire supply arrives.

Local auto dealers who have had the opportunity of displaying their new 1946 models, report that they have placed many orders for cars, for delivery as soon as they are available. The new models are look classy and most contain many improvements over the pre-war types, and now are awaiting the approval of manufacturer's claims for them. Cars have become a "must" in most of every family, especially in the Glades region.

"ON THE HOUR
of my death, do not weep for me.
Cry not 'Parted, parted! Union and
meeting are mine in that hour.'"

Sorrow which comes to us all in the passing of a loved one is hard to bear. We have dedicated ourselves to lighten the burdens of those we serve. When the dead arises, let us serve.

TEST YOUR KNOWLEDGE via this brush-up lesson on home lighting — WHAT'S YOUR SCORE?

1. Minimum watts in a table lamp used for close work should be.

a. 100 watts
b. 150 watts
c. 200 watts

2. As a general rule, a book should be held at a distance from the eyes at.

a. 10 inches
b. 12 inches
c. 14 inches
d. 16 inches

3. There will be more light from.

a. Four 25-watt bulbs
b. One 100-watt bulb
c. Both give the same amount of light

4. Which gives more light—100-watt bulb or four 25-watt bulbs?

a. Four 25-watt bulbs
b. One 100-watt bulb
c. Both give the same amount of light

5. A 100-watt bulb is compared with.

a. Four 25-watt bulbs
b. About 25 times more light
c. About 10 times more light

6. A 100-watt bulb is compared with.

a. Four 25-watt bulbs
b. About 25 times more light
c. About 10 times more light

7. A lamp should be not "straggly" with its light if it has.

a. Straight sides (disc shape)
b. Flared sides (spire shape)
c. Oval in shape

8. A lamp should be not "straggly" with its light if it has.

a. Straight sides (disc shape)
b. Flared sides (spire shape)
c. Oval in shape

9. As a general rule, the light of the eye is better at the eye.

a. Reading
b. Writing
c. Drawing

10. Place advice on page if you are.

As a general rule, the light of the eye is better at the eye for reading, writing, and drawing. 10. Place advice on page if you are reading, writing, or drawing.

LOOK

**HOW MANY CALLS
FLORIDA MADE THIS YEAR**

As Telephone Tommy points out, Floridians did a whole lot of talking from January through November of this year. Fact is, more local and long distance calls were made than in any other similar period in the entire history of the telephone in Florida.

We wish you could have seen the trail of these calls through our telephone exchanges. They made the signal lights dance across our switchboards with such speed and sparkle as to turn the lights on Broadway green with envy.

You might have felt that with so many calls being handled the telephone folks were making money because of the war. The best way for Telephone Tommy to prove company did not profit by the war is to tell you this startling fact. And that is "Telephone earnings in 1945 will be the lowest in the history of the industry, except for the worst of the depression years."

This is because our expenses—wages, taxes, cost of materials, cost of services—increased at a greater rate than our revenues.

Telephone people, however, were glad to be busy handling Florida's calls. They were concerned primarily with service. Instead these 5,125 busy Floridians were concerned with service—getting your calls through and seeing that lines were kept in order. They knew their job was to serve you well and with a pleasant "hello" and "goodbye."

Attention Fishermen

AND INTERESTED SPORTSMEN AND CITIZENS

The Lake Okechobee Commercial Fisheries Association, which is organized for the furtherance of fishing on Lake Okechobee, as well as helping sport fishing, will hold an open meeting at the City Hall Auditorium in Belle Glade Sunday afternoon, December 14, at 2:30 o'clock.

Any and all persons interested in the saving of this million dollar fishing industry, and the prevention of confiscating of properties, and the taking away of livelihood opportunities, are invited to attend and participate in discussion of methods to preserve these constitutional rights.

THE LAKE OKECHOBEE COMMERCIAL FISHERIES ASSOCIATION

MANY TIME-SAVING IDEAS IN QUOTE AVAILABLE TO LOCAL FARMERS, HOME OWNERS AND POULTRY RAISERS

A check list, or planning chart, which farmers say is of great help to them in increasing the efficiency of their farms, is one of the features of a 64-page booklet entitled "Succinct Farm Time-Savers," now being distributed without cost by Sinclair Refining Company.

The booklet includes a variety of practical and proved ideas for making the farm more profitable, more modern and easier of operation.

The purpose of the booklet, according to the introduction, is to help make the most of new methods and materials that will make any farm, large or small, a better place to work and live.

The booklet gives a list of basic information, such as the best way to mix cement, how to make electrical connections, how to protect and care for farm machines, how to build simple pieces of farm equipment, and improvements in the farm home.

In addition, it covers such subjects as better care of animals, first aid for animals, useful ideas for poultry raisers, insect control, household conveniences, painting of farm buildings, sewerage and water disposal, special jobs for tractors, water systems, weather forecasts, and countless modern "tips" to save time and money around the farm.

BLUE DEVILS

Continued from page 1

Pahokee eleven was the aggressor and played a more consistent type of football than did our own Golden Rams, who at times seem too impatient to stop the onslaught of their opponents, especially when that little flash Geiger, went through the line like a jet plane, for long and improved their chances.

Another bad fumble when Belle Glade was within an ace of a second touchdown, to at least tie up the score, came when the Rams were knocking at the four yard pay dirt line. From that time on, Pahokee was able to keep possession of the ball or play in its opponent's territory, so that the Rams had no opportunity of scoring.

From a Belle Glade fan standpoint the game was a deep disappointment, "regarding" as Andy would put it, for our Rams had, and were capable of, producing a better quality of football than they displayed in this contest of greatest importance. Pahokee had been pointing all season for this important game, and they delivered the goods in a most satisfying manner for their fan adherents and rooters.

Every football team, regardless of training and coach in instruction, during a season will pull either a brilliant game, or produce a "dud." In this classic instance, the Blue Devils pulled the sensation and played heady ball, while our Golden Rams dragged the seats of their pants around as if they were half dead, and their former potency as classy football players was absent.

For instance, there was that flashy little 130 pound player Geiger, who played real football time and again he showed up repeated gains.

In adopting the punting game

We Can Handle Your Repairs and Recapping Of Your Tires

When it comes to rubber work, we know our business, from a factory and a repairman's standpoint, and can make your tires nearly as good as new ones. Our spindles will care for passenger cars in the 12 and 19 inch sizes. Retreading under modern methods is our specialty.

Hurricanes vs Holy Cross

The big New Year's football game at Miami, this year, will be played between the Holy Cross team from Worcester, Mass., and the Hurricanes, representing the University of Miami. The "Canes" won this home town recognition by its fine record of the past season, having won eight, lost one and tied another, coming up to a mediocre team into an outstanding one.

Hundreds of Glades fans always witness this big classic event and they will be pleased to see an all Florida team playing against a northern state team. This is Holy Cross's first invitation to play in any bowl contest, and Miami's second appearance.

Joe Taverna Dies

Word has been received in Pahokee and Belle Glade, that Joe Taverna, who formerly operated the Tasty Sandwich shoppe in Pahokee, which he sold out some three years ago, and recently died at his home in North Carolina. Joe had a wide acquaintance and a legion of friends in the Glades area.

Local Teachers Honored

At the Class Room Teacher's gathering at West Palm Beach last Saturday, teachers went on record against overcrowding of class rooms, and favored a plan to work for higher salaries in the years to come. The Association named Miss Margaret Weaver, of Delray, Mrs. Ida

Two members were elected to

NEW LAND FOR POTATO GROWERS—has become a "must" because of the freedom from disease.

ADEQUATE WATER CONTROL—means more to the Glades farmer today than in years gone by—molding, field ditches, pumps, and power units to pull the pumps. If these are not in good condition and ready to serve, then you have no water control.

ROCK ROADS—properly kept up, mean quicker and sure method of getting your crops out when they are ready for harvest. They also mean less upkeep on trucks, wagons and tractors, which is less cost of harvesting.

Hardy and Miss Daisy Wilder, of Belle Glade, to be its delegates to the national conference to be held in Birmingham, Ala., December 27-28. The next session of the Association is to be held in Belle Glade on February 5th, with the local faculty members as the entertaining hostesses.

Councilmen Elected

Two members were elected to

The South Bay Town Council in an election conducted at the Town Hall Tuesday. Only two names appeared on the ballot, Frank B. Willis, nominated to succeed himself, and M. J. Hardy to succeed J. C. Summerlin. Each nominee received 23 votes out of the 28 ballots cast. Three electors voted independently, writing in names of their choice. Mrs. Maude Hartline received 3 of these independent votes and Mrs. G. J. Barstow one vote. There are some 200 voters registered to vote in town affairs.

The Title Council of America estimates that three to four million families, in the next five years, will remodel homes by adding a bathroom, renovating the present one, or installing a tile shower.

SUPPORTERS OF THE BELLE GLADE RAMS INADVERTENTLY OMITTED FROM SOUVENIR PROGRAM

Despite a system of checking and double checking, and due to the last-minute increase of the proposed program from the original 40 pages to 68 pages, there were two pages of ads omitted from the program.

It was only through the generosity of printer friends in the Palm Beaches that enough paper was received to get the program out, because preparations were made for only 40 pages.

To attempt, in some measure, to make up for this omission, the Herald is printing free of charge to the Athletic Association these ads and this explanation, with the request that those sharing the blame be forgiven.

Belle Glade's New Athletic Field

BLUE DEVILS

(Continued from Page 11)

proached from the east only to the field, these Past Commanders stood at attention and salute: Commander H. E. Jones, Luther Jones, Ralph Freeman, Robert Creech, W. L. Cunningham, W. C. Allen, George Farnall, Joe Friedheim and Thomas Bregger. The vast audience also stood at attention.

The color bearers and guard were: Mike Murphy, Jr., Air Corps; Junius Harris, Army; Herbert Priest, Marines; and Nash Lloyd, Navy.

Past Commander Cunningham as spokesman for the Legion Post, made the dedication speech.

The veterans to whose memory the field was dedicated and will ever be carried were: Albert Lane, Herbert Geiger, Elisha Coleman, Otto R. Blech, Bill Howell, and William Baker.

These ceremonies also fell on the fourth anniversary of the perfidious attack of the Japanese on Pearl Harbor, for which their land and war lords are now paying the penalties as a defeated nation, and prospective hemp-stretching victims.

During the cup presentation, the massed bands played "Old Lang Syne" and then with Rose Bradlock as leader, the audience joined in the singing of one verse of that old Scottish song.

The cheer leaders were also on hand to do their work, the girls leading in the demonstrations being, for Belle Glade: Louise Friedheim, Carlene Cone, Charlotte Enlow and Joanne Livingston for Palokce, Marie Funderburk, Betty Weatherington, Sileen Tibbetts, Barbara Brown, Geranette Reeves and

Ann O'Connell. The junior Belle Glade leaders lead in one yell, and made quite a hit.

The drum majors of the two bands were: Belle Glade, John Bregger, majorettes, Darlene Mobley, Mary Williams, Carolyn Cato, Joanne Norman; for Palokce, John McLarty, Phyllis Belk, Joan Wilson and Louise Elmhoe.

Others participating in the ceremonies were:

President of Lions clubs: W. P. Risk and Jesse Elliott.

Majors, O. B. McClure and George A. Taylor, Sr.

Co-captains, Belle Glade, Joe Cherry and Richard Pike; Palokce, J. E. Spooner and Willton Giddins; their lady sponsors: Sue Cherry and Peggy Rawls, Betty Witherton and Barbara Brown.

Principals: Frank O. Hobson and Dennis Childs.

Coaches: William Cooke and Clyde Alley.

Lee Puckett, cup presentation orator, and Paul Rardin as receiver of the cup for the Palokce Blue Devils.

City Commissioner Lee Puckett, Jr., and a representative of the Belle Glade Lions Club, made the presentation of the trophy cup in practically the following words:

Joe Cherry and Richard Pike, being seniors this year, were playing their last game for the Golden Rams, while Co-Captain Giddins was playing his last game for the Blue Devils. They were presented to the audience and given a good hand, for all three had played mostly fine football during their period as members of their respective teams.

The game and ceremony were broadcast over the Lou Betzner amplifying equipment, and the

broadcasting was done by Bob Dalany of WJNO of West Palm Beach, whose service was highly appreciated by the record-breaking audience.

The special mammoth souvenir programs, produced under the auspices of the two schools, went like hot cakes. The game proceeds will mean a nice sum for both schools.

The happiest man in the Palokce delegation was Uncle Tom Campbell, an ardent rooter for the Blue Devils.

Every accessory to a gala football event had been provided, namely, two good bands and their majorette entourage, the presentation of team co-captains and girl sponsors, cheer leaders, mayors, coaches, school principals, Lions Club presidents, and other distinguished citizens, all appearing in the between-halves program.

The experienced Blue Devil band, under the direction of Prof. Robert Lampi, in their colorful uniforms, first strutted their stuff, and were given a big hand by the audience.

Then came our own Golden Rams band, under the direction of Mrs. Alley, all fitted out in their brand new gold and blue uniforms, which they were using for the first time, and it in turn was given a real hand as it marched off the field, for the 40 piece band sure did look natty and attractive in their new outfits.

The ceremonies of the presentation of the Lions' trophy, to be known as the Bill Young Memorial Cup, took place in mid-field, and was most impressive. Lined up along the sidelines, as called, the following took position before the audience, with Henry Earwood presiding as master of ceremonies.
